Name Left Off Ballot

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Aug. 11.—Returns of  
Tuesday's state primary received at  
the secretary of state's office today  
from sixty-seven of the eighty-eight  
Ohio counties practically determined  
all contests except the race for the  
Democratic nomination for secretary  
of state. For this office William D.  
Fulton of Columbus by over 2,000  
votes. Returns from other counties  
probably will make the race close.  
Mr. Newton indicated today that  
he might contest the election on the  
grounds that his name had been  
omitted from the official ballots in  
some counties. He said it had been

State on Democratic Ticket—His  
Nomination Now Seems Certain.

reported his name was not on the  
ballots in Delaware and Auglaize  
counties.

Hayes M. Adams of Sandusky ap-  
parently has won the Republican  
nomination for state auditor. He  
has a big lead over Stephen A. Stil-  
well of Lebanon, who is second.  
Joseph T. Tracy of Portsmouth is  
now third and today he admitted his  
defeat. James Joyce of Cambridge  
is assured of nomination for judge  
of the supreme court on the Repub-  
lican ticket. The returns show  
William Vickers of Lakewood leading  
Augustus N. Summers of Springfield  
for the other nomination for supreme  
court judge but later returns may re-  
verse their position.

The figures on the heads of the  
two state tickets and for the closely  
contested officers sent in from sixty-  
seven counties follow:

Republican for governor—Willis,  
182,292; Mack 17,911; Shaw 13,848.  
Republican for auditor—Adams,  
44,824; Stilwell, 30,683; Tracy,  
29,657; Braden, 28,300; Conover,  
24,447; Wise 25,221.

Republican for judge of the su-  
preme court (two to be nominated)  
—Joyce, 74,611; Vickers, 54,615;  
Summers, 51,775; Newby 49,811;  
Obermeyer, 23,679.

Democratic for governor—Cox,  
166,163; Sandies, 27,193; Martin,  
13,318.

Democratic for secretary of state.  
—Fulton 30,592; Newman, 27,454;  
Snider, 21,661; Antenen, 19,532;  
Weygandt, 19,018; Meekison, 8,  
594.

Democratic for attorney general—  
McGhee, 61,000; Stahl 32,774;  
Schwenk 25,028.

Officials expect to have practi-  
cally a complete vote from all counties  
by tomorrow.

Upsetting the unofficial returns,  
a canvass of the vote in Franklin  
county, comprising the 12th congressi-  
onal district, revealed that Hugh Hun-  
tington, a young attorney without  
past experience in official life, has  
been nominated for congress over  
Carl T. Webber, former Progressive  
and former prosecuting attorney.  
Huntington is the author of the loan  
shark law and was backed by women  
and by young volunteers. Boys in  
knee pants worked for him at the  
polls. Although there are 30,000 Re-  
publican voters in Franklin county,  
2400 votes nominated Huntington in  
a badly mixed field of seven. Demo-  
crats who were afraid that they  
would lose a congressman if Web-  
ber were the candidate, perked up a  
bit at tonight's news.

## BATTLE

**In Vicinity of Gorizia Is Con-  
tinuing Back of  
the City**

**AUSTRIANS RETREAT  
ALONG RAILROAD**

**Attempt to Reorganize Lines  
at Vigacco**

**ITALY IS CONGRATULATED**

**Dramatic Story of Battle is  
Told By Paris Correspond-  
ent—Batteries Cross River  
Under Heavy Artillery  
Fire From Austrian Line  
—Advance Cost Heavily  
In Lives**

(ASSOCIATED PRESS TELEGRAM)  
Rome, Thursday, Aug. 10, via  
Paris, Aug. 11.—The importance of  
the Italian successes around Gorizia  
is becoming more evident hourly.  
The battle is continuing behind the  
city over a front about 12 miles  
long. The Austrians have retreated  
along the railroad in the direction  
of Dobner, eight miles southeast  
of Gorizia, and over the national  
highway to Schoon pass, six miles to  
the east, and are now attempting to  
reform their front on a line extend-  
ing from Vigacco to Tarnova.

Popular enthusiasm is at high  
pitch throughout Italy. Congratu-  
lations are pouring in from all parts  
of the world to King Victor Emman-  
uel and Gen. Giardino. The king and  
the commander-in-chief have been  
particularly pleased by messages  
from Italians in New York and other  
parts of the United States.

The third army under command of  
the Duke of Aosta which is still bear-  
ing the brunt of the fighting, has  
won high praise as well as much  
sympathy on account of its losses.

"Entering Gorizia by the viaduct,  
the sight that meets the eye is most  
striking," telegraphs the Petit Pari-  
sienne's correspondent on the Isonzo  
front.

"It was here that a furious battle  
was fought for possession of the  
city. The houses are half destroyed  
by shells or riddled with bullets.  
The ground is strewn with bodies,  
uniforms, helmets and rifles. The  
artillery duel continued above our  
heads and enemy aeroplanes whirled  
across the sky, shot at by our  
gunners, while in the distance could  
be heard the furious clacking of ma-  
chine guns.

"The spectacle before us was su-  
perb. Over an iron bridge our bat-  
teries passed at a trot. The Austri-  
an artillery sent towards them  
whirlwinds of shells, the smoke from  
which completely blotted out our  
columns from time to time. When the  
smoke blew away one could see the  
batteries still proceeding on their tri-  
umphal way. The men of the line  
regiments yelled, wept and clapped  
their hands in their enthusiasm.

Some of the gunners fell wounded as  
our guns began to get near the  
enemy.

"As soon as one passed the first  
houses and got into the city, the  
aspect of things changed completely.  
Normal life was resuming its course  
and it had not been for the echoes  
of the struggle one would not have  
known that a battle had been in  
progress."

CHILD FATALLY  
BURNED BY COAL  
OIL EXPLOSION

(ASSOCIATED PRESS TELEGRAM)  
Springfield, O., August 11.—Edgar

SHOWERS TO BRING  
RELIEF FROM HEAT  
SAYS WEATHER MAN.

Columbus, Aug. 11.—Showers to-  
night are to bring decided relief from  
the heat wave according to the  
weather bureau here.

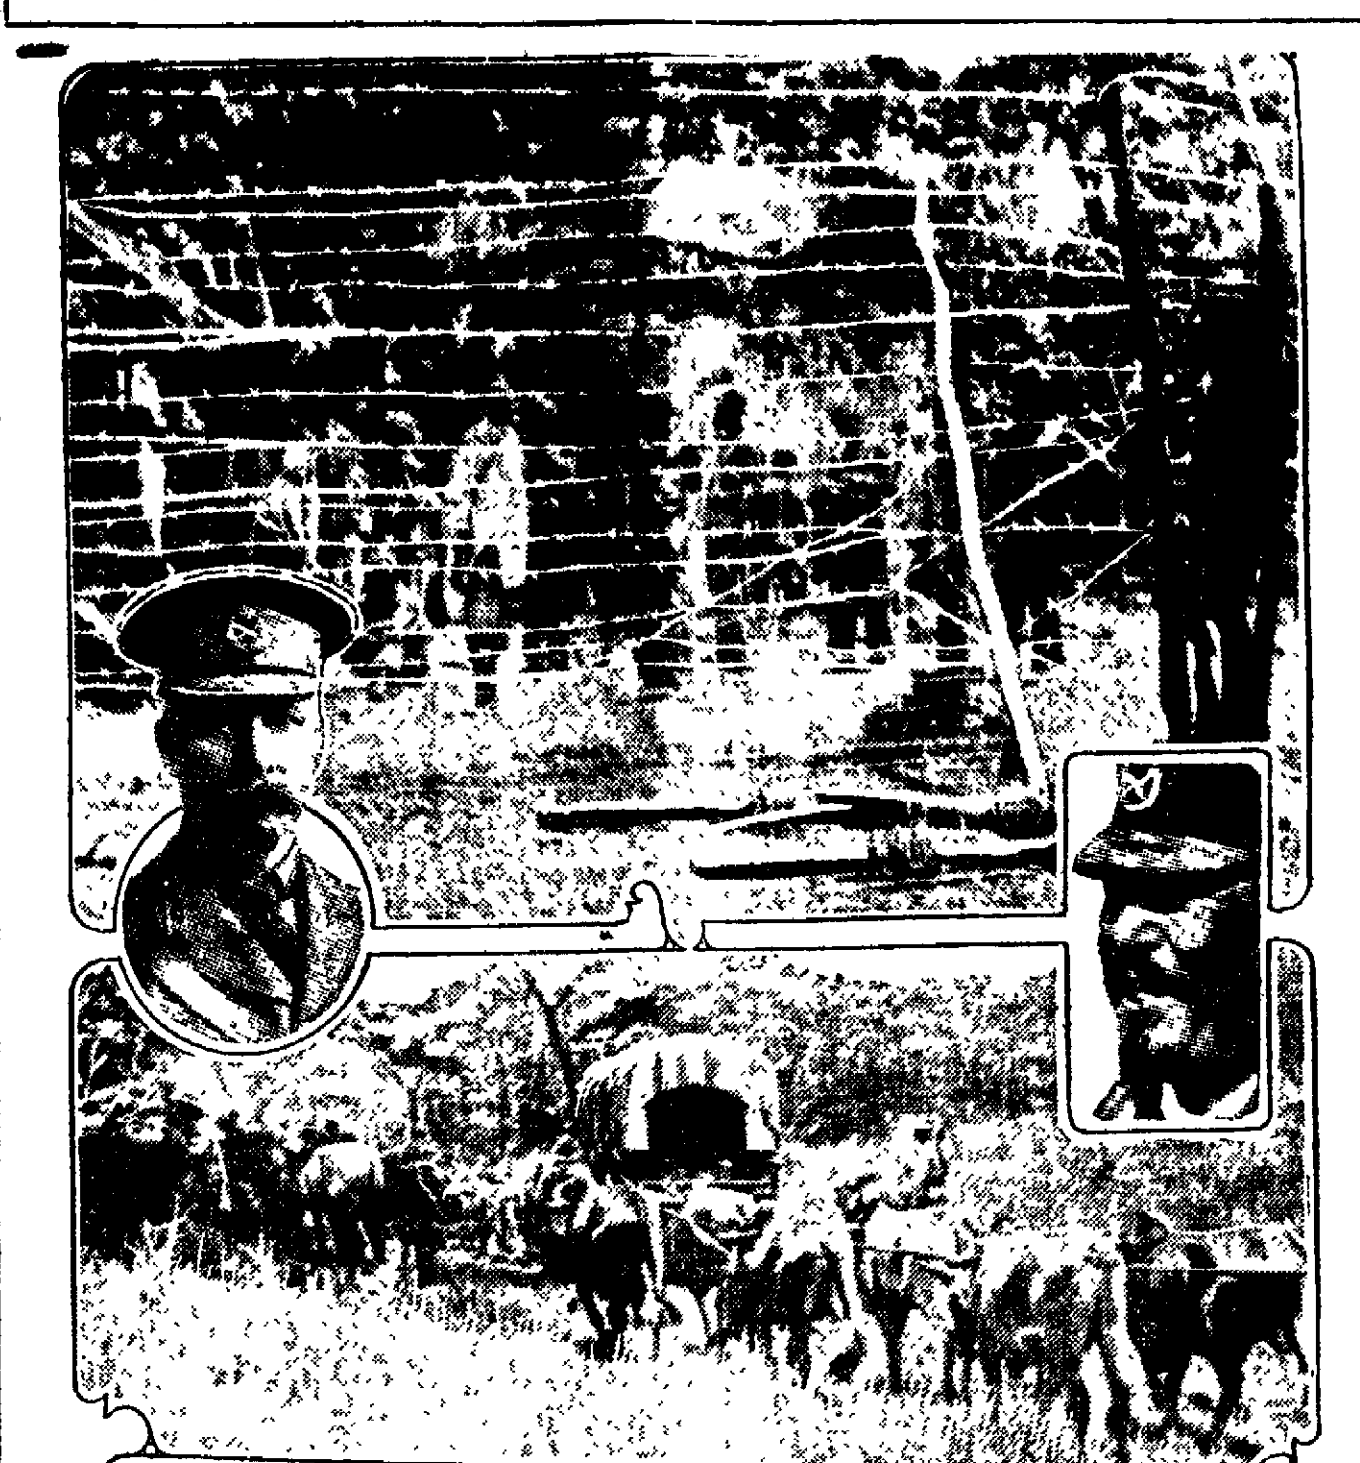

The maximum temperature yester-  
day was 90 and the lowest point  
reached during the night was 74. By  
9 o'clock this morning the mercury  
had risen to 80.

LAKE CAPTAIN DIES  
IN HIS PILOT HOUSE.

(ASSOCIATED PRESS TELEGRAM)

Toledo, Aug. 11.—Captain John  
E. Cornwall, 76, master of the lake  
tug A. W. Colton, dropped dead this  
morning as he was leaving the pilot  
house. Before entering the service  
of the Great Lakes Towing company  
eight years ago, Captain Cornwall  
was master of several lake freight-  
ers. His son, Captain Alton W.  
Cornwall, is local manager for the  
Great Lakes Towing company.

## GERMAN RESISTANCE CRUMBLES BEFORE THE BOERS IN EAST AFRICA

Black German troops in British detention camp at Arusha, South Africa; supplies on way to Boer troops in East Africa; General Jan Christian Smuts (left) and General Botha.

German resistance to the Boer army in East Africa led by General Jan Christian Smuts and Louis Botha is rapidly crumbling. More than three-fourths of German East Africa has been overrun by the victorious Boers, who have advanced from the north and south.

"Best Ever," Was Verdict of Thousands Who  
Attended the Farmers and Merchants Picnic;  
Country Store Proved Popular With Visitors

Lead Picnic . . . . .  
The second annual Farmers and  
Merchants picnic was held at Mount-  
builders' Park yesterday, a mammoth  
crowd being present, variously es-  
timated at between 25,000 and 30,-  
000. It was much larger than that  
of last year when 20,000 people par-  
ticipated.

Delegations from all over the  
county began arriving early and  
there were many visitors present  
from adjoining counties as well as  
neighboring cities. Thousands of  
autos were parked all over the  
grounds, nearly every foot of avail-  
able space being utilized in the in-  
side ring across the track.

These picnics are proving of great  
benefit to the farmer and merchant.  
It brings them closer together and  
further cements the ties of friend-  
ship that is bound to result in much  
good in various ways. It gives them  
an opportunity to discuss problems  
of great interest and to become bet-  
ter acquainted in a social way lead-  
ing to a better understanding of  
commercial relations.

The Chamber of Commerce estab-  
lished headquarters under a large  
tent erected along the driveway en-  
trance to the park proper. This was  
in charge of Secretary J. V. Haas of  
the Merchants' association and  
Walter J. Bowers, a director of the  
Chamber of Commerce. Here could

be found tables and chairs, local and  
long distance telephones, ice water  
and programs of the various events  
of the day. It was an ideal rest  
room and was taken advantage of  
by thousands. Messrs. Haas and  
Bowers were in charge of the recep-  
tion badges and issued instructions  
to all who received them to  
meet and greet the visitors.

The road leading to the grand  
stand, popularly called "The Mid-  
way," was lined with concession men  
and anything usually found at a  
county fair could be purchased  
there. There were a dozen soft drink  
and ice cream stands, as many  
sandwich and eating stands, toy bal-  
loons and trunks of various kinds,  
cane racks, knife and baby racks and  
other amusement devices. The wa-  
termelon and cantaloupe man  
also had a rushing business. The  
eating house, attached to the hotel  
was under the management of Wm.  
Gray, and hundreds of people were  
being served.

The picnic committee is to be  
complimented for the manner in  
which free lemonade and coffee  
were served. The long building in  
the eastern part of the ground was  
used for the purpose and here a  
couple of dozen milk and honey dis-  
houted the drinkables. Thousands  
of gallons of both lemonade and col-

fee were given out and the stand was  
one of the most popular on the  
ground. It was patronized from ear-  
ly morning until late in the after-  
noon.

Picnic dinners were held under  
the trees and in the numerous build-  
ings and the lunches served looked  
tempting and inviting. The prin-  
cipal dish of course was young chick-  
en and nearly every family bringing  
their basket had it filled enough  
to serve double the number of peo-  
ple. The dinners were elaborate  
and many people who did not pre-  
pare a luncheon were fortunate in  
receiving invitations from friends.

The contests and races started at  
9 o'clock in the morning and con-  
tinued up until the dinner hour. The  
Buckeye and "Rube" High School  
band of this city and the Alexandria  
band furnished the music for the  
day, concerts being given from the  
band stand in front of Agricultural  
Hall and were greatly enjoyed by the  
vast multitude.

The Country Store made the big  
hit of the day and over 6000 pack-  
ages were sold at ten cents each,  
each package being worth from ten  
cents up to as high as \$7. Every  
package in the store was disposed of  
in two hours and a half. Packages  
consisted of sugar, hardware im-  
plements of many kinds and various

STRIKE STOPS  
MILK DELIVERY  
IN CLEVELAND

(ASSOCIATED PRESS TELEGRAM)  
Cleveland, Aug. 11.—As a result  
of a strike of milk wagon drivers of  
the Telling-Belle Vernon company,  
largest milk dealers in the city,  
three hundred thousand Clevelanders  
were without their usual morn-  
ing supply today, but were enabled  
to purchase milk by going to the dis-  
tributing stations of the company. It  
is possible that these may be forced  
to close today, however, as ice com-  
panies have been notified by farm-  
ers' union officials not to deliver ice  
to the Telling concern, which sup-  
plies 40 per cent. of the city with  
milk.

Drivers for the Schneider Becker  
dairy company, second largest in the  
city, which cares for 170,000 per-  
sons, are expected to strike today.  
They have made demands similar to  
those of the Telling drivers.

The milk companies, without oppo-  
sition from strikers, delivered milk  
to hospitals and babies' dispensaries  
today, but the dispensaries were un-  
able to secure a supply early and not  
enough to meet demands upon them.  
Common Pleas Judge H. G. Pow-  
ell at noon was to conduct a hearing  
on an injunction granted late last  
night to restrain strikers from inter-

fering with Telling employees who  
are under contract.

Mayor Harry L. Davis said today  
if lives of babies or those ill were  
menaced by the strike he would take  
possession of the Telling plants in  
the name of the city and operate  
them.

There was no violence in the  
strike early today.

STATE MEDIATOR GOES  
TO MID IN SETTLEMENT.

(ASSOCIATED PRESS TELEGRAM)

Columbus, Aug. 11.—Chief Mediator  
George F. Miles of the Indus-  
trial commission today will go to Cleve-  
land today to offer his services in  
adjusting the differences between  
the striking dairy employees there  
and officials of the milk companies.  
This announcement was made by the  
commission.

Mr. Miles expressed the belief that  
an amicable settlement of the trou-  
ble might be brought about soon.

FLOUR ADVANCES  
80 CENTS BARREL;  
AVERAGE PRICE \$8.

(ASSOCIATED PRESS TELEGRAM)

New York, Aug. 11.—Flour sold  
in the New York markets today at  
\$5 to \$6 a barrel, an advance of  
70 to 80 cents a barrel, as a result  
of an increased price in wheat. One  
milliner said there was considerable  
old flour in the hands of jobbers  
which was being sold at prices pre-  
vailing before the advance. The av-  
erage flour for domestic use, it was  
stated, now costs \$8 a barrel and  
householders will have to pay from  
10 to 20 cents more for a sack than  
before the advance in wheat.

WILSON WILL  
SPEAK ON TRIP  
ACROSS COUNTRY

(ASSOCIATED PRESS TELEGRAM)

Washington, Aug. 11.—President  
Wilson practically has decided to  
make a speaking trip across the con-  
tinent. No details of the tour have  
been arranged but it was understood  
that his itinerary would be worked  
out within the next few weeks.

Secretary Baker plans to go to  
Cleveland Monday to speak there and  
will open a series of campaign  
speeches in Maine at Portland Sept.  
24th.

It was known definitely today that  
if present plans were carried out the  
President would go to the Pacific  
coast. Senator Phelan today invited  
the President to speak in California.  
One of the suggestions for the pro-  
posed trip is for the president to re-  
view some of the troops on the bor-  
der.

The possibility that congress may  
remain in session after September  
first is preventing the President from  
making any definite campaign plans.

SEVERELY ILL.

ly ill at his home in Fulton avenue,

**British and French Both Ex-  
ert Continuous Pressure  
Against German Line  
Near Pozieres and Somme  
—The Great Italian Ad-  
vance Continues to Occupy  
Chief Place in News**

The following summary of the  
day's war dispatches from European  
capitals is prepared by the Associat-  
ed Press.

The Russian drive toward Lem-  
berg from the south has caused what  
apparently is a serious break in the  
Teutonic lines along and near the  
Dniester in the Stanislaw region.

Berlin today admits that the su-  
perior strength of the Russian forces  
has compelled an Austro-German re-  
treat at points in the Monasterzyska  
and the Bystritsa river regions and  
on the Dniester.

Making a stand, the Teutons final-  
ly brought the Russians to a halt.  
The break in the lines however, has  
made a regrouping of the Teutonic  
forces necessary and this is now in  
progress.

With rapid strides the Russians  
are forcing their way along the  
Dniester in Galicia in the direction  
of Halicz, considered one of the main  
defenses of Lemberg on the south.

General Letichitzky's army has al-  
ready reached the Dniester to the  
south of Mariampol, a town only  
eight miles southeast of Halicz. Like-  
wise they are pressing toward Halicz  
further north entering the town of  
Monasterzyska on the Stanislaw-  
Buczacz railroad directly east of  
Halicz.

Spreading out in fan-like forma-  
tion from Gorizia the Italians are  
pressing the Austrians to the east  
and southeast along a twelve-mile  
front. The principal thrust is appar-  
ently directed southeast towards  
Triest with the probable object of  
forcing the Austrians from their  
salient in the bend of the Isonzo  
south of Gorizia.

British pressure on the Somme  
front is being continuously exerted  
against the Germans in the Bazen-  
tin-Le-Petit and Pozieres regions and  
Gen. Haig's forces have made ad-  
ditional progress north of both these  
places, London announces.

The French in the Somme region  
are evidently preparing for a new  
offensive movement, as they are  
pouring a terrific fire on the Ger-  
man trenches north of the river.

200 WORKMEN  
IN LUMBER YARD  
GO ON STRIKE

(ASSOCIATED PRESS TELEGRAM)

Cincinnati, Aug. 11.—Two hun-  
dred employees of the Crane Lumber  
company left their work today after  
making demands for higher wages.  
The strike involves the workmen  
known as "yardmen" and according  
to the superintendents came entirely  
unexpected. The belief was express-  
ed that the strike would be speedily  
settled. The strike did not extend to  
the men in the mills, it is stated.

Russians Report  
Further Gains  
Near Stanislaw

(ASSOCIATED PRESS TELEGRAM)

Petrograd, Aug. 11, via London.  
—The Russians are advancing on  
the Sereth river, in Galicia, the war  
office announced today. They have  
also entered the town of Monaster-  
zyska, northwest of Stanislaw.

Fighting is continuing in Monas-  
terzyska.

The Russians have reached the  
Dniester south of Mariampol, which  
is eight miles southeast of the im-  
portant town of Halicz. They have  
also advanced to the right of the  
Bystritsa river, a branch of the  
Dniester, which joins that river near  
Mariampol.

Wilmington, Del., Aug. 11.—An

three workmen and injured two  
others.

other reports that have been told  
since the hot spell set in is: The  
ground in the yard of Robert Ste-

from intense heat. A venturesome  
chick seeking something to devour  
thrust its head into a fissure, got  
fast and in struggling to extricate  
itself, died of a broken neck.

(ASSOCIATED PRESS TELEGRAM)  
New York, August 11.—After de-  
liberating the greater part of the  
night Commissioners William A.  
Chambers, Martin A. Knapp and G.  
W. W. Hanger of the United States  
board of mediation and conciliation,  
were today no nearer a solution of  
the "deadlock" in the dispute be-  
tween the four railroad brotherhoods  
of the country and their employers  
than they were yesterday.

The efforts of the mediators to  
avert a strike, were virtually at a  
halt, due to the fact, it was reported,  
that the railroads refuse to grant  
any concession other than arbitra-  
tion, while the men persist in their  
firm stand for the unequivocal grant-  
ing of their demands for an eight  
hour day and time and a half for  
overtime. A formal request for a  
24-hour delay in the negotiations  
was made by the federal board to  
the union men today when they as-  
sembled to receive the mediator  
and it was reported that the board,  
unless there was an unexpected  
change in the situation in that time  
was prepared to suggest to President  
Wilson that he intervene.

Mr. Hanger said the board expect-  
ed to continue its deliberations today  
and might reach a decision by eve-  
ning as to the time of the next meet-  
ing with one or the other side in  
the dispute.

No definite proposal for a settle-  
ment of the controversy so far as  
known when the United States board  
of mediation and conciliation re-  
sumed its efforts to settle the dis-  
pute by mediation. Both sides had  
stated their case to the mediators  
and the situation was described by  
Martin A. Knapp, one of the medi-  
ators as a "deadlock on the face of  
it."

Mr. Knapp declined to prophesy as  
to whether a solution of the problem  
could be discovered. He said that  
the mediators were not in communica-  
tion with President Wilson and  
when asked if they would consult  
with him later, replied that it was  
impossible to say.

Women Will Hear  
Suffrage Status  
Discussed Today

(ASSOCIATED PRESS TELEGRAM)

Colorado Springs, Aug. 11.—The  
present status of the national suf-  
frage amendment was the subject  
for discussion at the opening session  
today of the national woman's party  
conference. Mrs. Florence Bayard  
Hilles, chairman of the Delaware  
branch of the congressional union,  
Mrs. William Kent of California,  
member of the national executive  
committee of the congressional union  
and Mrs. Sarah Bard Field of Oregon  
are to deliver the principal addresses.

Members of the resolutions com-  
mittee which is to draft a statement  
of the election policy of the national  
woman's party in conference here,  
were selected today. They are:

Mrs. Willet Stanton Blatch, Kan-  
sas; Mrs. Bertha Shipley, Illinois; Mrs.  
Bertha Fowler, Colorado; Miss Alice  
Paul, New Jersey.

Veterinarians of

Cincinnati, August 11.—An auto  
mobile containing Dr. George Smith,  
Dr. David C. Hyde and George  
Mechling, all of Columbus, O., and  
all members of the state veterinar-  
ian department coincided with a  
bound Coleman avenue car at Lib-

SUN HATCHED EGGS  
CLOSE TO TIN ROOF

(ASSOCIATED PRESS TELEGRAM)

Fremont, O., Aug. 11.—A hen  
owned by Fred Reichel, who lives  
near this city, settled down on a  
pile of hay directly under the  
tin roof of a shed recently, but  
two weeks, according to Reichel, she  
stuck conscientiously to her work  
then was forced by the summer  
heat to evacuate. The summer  
took up the work where the hen  
left off and beat down on the tin  
with all its might, with the re-  
sult that in proper season eggs  
were hatched. One man, however,  
according to Reichel, was not

## I OWE MY HEALTH

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."—Mrs. ROSE STORIEL, Moore Avenue, Washington Park, Illinois.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound. ## ATTENDED ELK INITIATION AT MT. VERNON, O.

About twenty-five members of the local lodge of Elks attended an initiation at Mt. Vernon yesterday afternoon and last evening. A large class was initiated into the mysteries of Elksdom which was followed with a banquet of splendid appointments.

Just after dusk a parade was formed headed by a band and was participated in by all the candidates and visitors from the surrounding cities, including State President Edwin Slough and State Grand Inner Guard James R. Cooper of this city. Red fire was burned all along the line of march and everyone present reports an enjoyable time.

## Granville

[Special to The Advocate] Granville, Aug. 11—Rev. and Mrs. Millard Brelsford left this morning for Martinsville, Ind., where Mrs. Brelsford will remain in the hope of receiving benefit to her health from the treatment there given. After seeing her comfortably settled Mr. Brelsford will go on to Cleveland where he has an engagement to preach in the East Cleveland Baptist church on Sunday. From Cleveland he will go to Boston and to Brooklyn to keep important preaching engagements. The two sons, Ernest and Charles, have accompanied their maternal grandmother, Mrs. Carhart, to her home in Coshocton.

Dr. J. W. Rohrer has returned from a month's visit in Dayton, where Mrs. Rohrer and the three children will remain yet awhile longer among their relatives.

Miss Anna Inglis is enjoying a visit from her brother, Mr. Arthur Inglis of Morgan Park, Ill.

There was a meeting last night of Center Star lodge No. 11, F. & A. M., at which time work was done in the F. C. degree.

A meeting of Eastern Star will be held this evening at 7:30 o'clock.

Professor Raymond Pence, for seven years a member of the English department, faculty of Denison University, has accepted a call to De Pauw University at Greencastle, Ind., as head of the rhetoric department. This means not only professional advancement, but a fifty per cent increase in salary as well, in one of the leading colleges of the country. Prof. Pence is receiving congratulations and also regrets and friends who dislike to lose him and his wife from social circles.

Mrs. C. Loveless and son Master Forrest, left this morning for Zanesville where they will spend the week-end at the home of Dr. and Mrs. W. H. McKibben. The party will take a boat for a trip down the river, always an enjoyable recreation.

Yesterday word was given out that Prof. A. M. Brumback, who is suffering a severe attack of typhoid fever, was so much improved in condition that physician, nurse and family felt greatly encouraged. This morning the symptoms again are discouraging, although not so hopeless as they were over a week ago. The chart shows the temperature to be 102.2; pulse 150; respiration 52. But the patient is holding his own and improvement is hoped for.

Nelson Sayre, who suffered a broken leg some time ago while at work on a gas derrick, and was sent to the Newark hospital by Dr. C. J. Loveless in order that he might have first class nursing, is getting along nicely, and is able to receive his old friends.

The annual union meeting of the local missionary societies representing the churches of Granville was held in the Methodist church Wednesday afternoon, August 9, with the largest attendance ever yet recorded. All the seats were filled, and the audience was intensely interested in the program and delighted with the special music. Mrs. T. B. Jones, president of the Methodist organization presided and called upon the following ladies for addresses: Miss Gertrude Good, Presbyterians; Mrs. Gertrude Good, Presbyterians; Mrs. Fred G. Smith, Methodist, an up to date presentation of "Our Mission Work in South America"; Mrs. B. F. Griffith, Baptist, in a talk on "The Problem of the Uninterested Women," gave some excellent advice on the best means of gaining their interest and co-operation. Special music was furnished by three of the most talented singers whose selections added greatly to the pleasure of the afternoon. Mrs. E. F. Johnson, soprano, sang two beautiful solos, accompanied by Mrs. Mabel Ashton; Miss Anna Barrett, contralto, contributed a well selected solo which pleased the audience, and was accompanied by Miss Elizabeth Evans. Mrs. Allieret Chrysler Morrow, soprano, sang in her most charming style, with accompaniment by Miss Evans. Following the program there was a round table talk and Mrs. Robert Biggs, president of the Baptist organization, started the business of organization for Red Cross work, the committee elected being composed of the presidents of the three societies, who are to call a meeting of Granville women when the organization will be completed. Refreshments were served by the Methodist ladies.

Mr. and Mrs. Scott Denning of Indianapolis, who motored to Granville in their roadster a week ago, as guests of Mr. and Mrs. Louis Flory on the Newark road, have left to return home by way of Akron.

Miss Nellie Flory, who has enjoyed a month's visit with friends in Akron and Cleveland, has returned to her home in Centerville street.

Mrs. R. D. Sperry of Newark, with her little son, was a Granville visitor yesterday, guests at the home of her uncle and aunt, Rev. and Mrs. C. N. Hartford in College street.

Mrs. C. E. Frank was called to Mt. Gilead, Tuesday, on account of the death of her nephew, Mr. M. I. Frieman. After spending several

days in that village, she will visit in Fredericktown and Mt. Vernon, before returning to her home in Centerville street.

Miss Bertha Frank went to Johnstown Tuesday where she visited friends for the day.

Miss Helen Lockhart left Thursday morning for Zanesville where she will be a member of a house party for a few days.

Among the Denison boys visiting at the home of Donald Atwell in Zanesville this week is Jack Hundley, who departed for that city yesterday.

## OUTVILLE MAN TAKES AGENCY FOR OVERLAND

F. M. Rugg of Outville, for a number of years engaged in business in that village, has taken over the Overland auto agency in this city and for the present will maintain temporary quarters in the room in the West Market street building which has been used for that purpose.

Within ninety days Mr. Rugg expects to move his agency to a new building which will be erected by Messrs. J. K. Hamill and Frank Baader, just west of the market building on the lot recently purchased by them in West Main street. This building is to be 40x200 feet, modern in every respect and will have all the latest sanitary equipment.

Mr. Rugg in establishing the Overland service station in this city will devote his entire time and attention to the business. He is a pleasing young man with much experience in the auto business and no doubt will build up a large clientele for the Overland, which car he will handle exclusively.

## MAN DEAD AND WIFE ILL FROM SAME POISON.

[ASSOCIATED PRESS TELEGRAM] Chicago, Aug. 11.—A new element was present today in the mystery surrounding the death at a Michigan avenue hotel last Wednesday of Morse Davis, a mining engineer of Vancouver, B. C. It was the announcement made last night that Dr. William McNally, coroner's chemist, in a chemical analysis of the contents of the stomach of Mrs. Davis, who was found unconscious at the time of her husband's death had discovered no poison of the kind believed to have killed Davis.

The chemist said he would make more tests today for other poisons and that he would analyze several bottles of medicine found in the Davis apartments. Mrs. Davis, after she regained consciousness, was quoted as saying that a chemical which her husband used in his professional work must have gotten mixed with salts which she and her husband took for illness. Mrs. Davis is still ill today.

BRITISH HOLD UP FREIGHT TO HOLLAND SHIPPERS PROTEST.

[ASSOCIATED PRESS TELEGRAM] London, August 10.—(Delayed)—American shippers to Holland are bombarding the British government with protests as a result of detentions of cargoes consigned to the Netherlands Overseas Trust. It is understood here their protests may be backed by diplomatic action at Washington.

In April of last year, replying to a protest from Washington over the detention of the American steamship Seguranga the foreign office made the following promise: "While His Majesty's government do not require cargoes to be consigned to the Netherlands Overseas Trust they do accept a consignment in that form as proof that the cargo is intended for a bona fide consumption in Holland."

American shippers complain that the British government has not adhered to its pledge.

## WIRELESS STATION GETS MYSTERIOUS SIGNAL FROM UNKNOWN CRAFT.

[APR 11 1917] New York, Aug. 11.—Wireless observers at shore stations near New York were puzzled early today by signals received from an unidentified vessel, apparently somewhere off Sandy Hook, which was calling the Talefunken wireless station in this city.

The fact that the stranger refused to disclose the identity of the vessel, led some of the wireless operators to believe they were at last in communication with the long-expected German submarine Bremen.

Sandy Hook observers trained their marine glasses seaward, expectantly at daybreak, but everything beyond a few miles off shore was hidden in a haze and no submarine was in sight. The mysterious signals had ceased.

## BERLIN DENIES DAMAGE BY AIR ATTACK BY FRENCH.

Berlin, Aug. 11, Via London, 12:10 p. m.—"On the night of August 7, enemy airmen dropped several bombs on Rottweil, Wurtemberg," says an official statement issued here today. "A dwelling house was hit and several persons were wounded. No military damage was done."

The official French statement of Wednesday afternoon said a French aviator, flying 217 miles between 8:30 p. m. and 11:55 p. m. dropped 330 pounds of explosives on the powder factory of Rottweil, causing two extensive fires and several explosions.

## SHOOTS WIFE TWICE AND ENDS LIFE WITH ANOTHER SHOT.

Zanesville, Aug. 11.—Meeting his wife as she was entering a drugstore late yesterday, John F. Donovan, 30 years old, glass blower, drew a revolver, and, without a word, shot her twice, and with a third bullet ended his own life.

Neighbors said the Donovans had quarreled during the day. Donovan left home and his wife was on her way to the county fair when he met her. She was shot through the chest and arms, and is in a critical condition. The Donovans have one child, Mildred, 13 years old.

## UNOFFICIAL FIGURES IN SENATE RACE

Unofficial figures which have been revised by the election boards in the 15-16th senatorial district show that Attorney J. H. Miller of this city has been nominated over Clyde Reasoner by a majority of 2,500 on the Democratic ticket. W. M. Miller of Dresden has defeated Senator J. B. Carson for the Republican nomination by 2,900.

## Railroads

Rendered Unconscious. When some freight cars were backed against a caboose of the B. and O. railroad at 4 15 o'clock yesterday afternoon in the Columbus yards, D. F. Kneer of this city, who was in the caboose, was thrown from his feet and rendered unconscious. His side was injured and he was immediately taken to a Columbus hospital. His injuries did not prove to be serious, and he returned to Newark yesterday evening.

Dispatcher Sick. Dispatcher J. T. Mendenhall of the B. and O. station is confined to his home by sickness. His illness is not regarded as serious.

Officials in City. H. H. Marsh, formerly assistant B. and O. division engineer at Garret, Ind., is in the city on company business, and is renewing old acquaintances.

## ANOTHER BODY OF CARMEN MAKES A WAGE DEMAND

[ASSOCIATED PRESS TELEGRAM] New York, Aug. 11.—A draft of demands to be made upon the New York railway company by its organized motormen and conductors has been drawn up and will be submitted probably within a few days.

## SANITARIUM GETS RECOGNITION FROM MEDICAL BOARD.

Columbus, Aug. 11.—The state medical board today announced a list of hospitals which have met with the requirements fixed by the board under a new law in order to obtain legal recognition for the schools for nurses which they maintain. The list includes the Newark Sanitarium which has been accorded recognition until July 1, 1917.

## TWO KILLED BY CLEVELAND CARS.

Cleveland, Aug. 11.—Two men were dead from injuries received in traffic accidents.

John C. Bottle, 35, former patrolman, died this morning from injuries suffered when struck by a suburban car late Thursday night.

John Gleason, 24, died early this morning from injuries sustained last Monday when he was run down by a street car.

## GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urines so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

## SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's recipe to bring back color, youthfulness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Electric locomotives gradually are replacing steam on the state railways of Italy.

## The Nominations.

The Democracy presents to the  
people of this nation, state and  
county, a ticket which can and will  
be supported gladly and enthusiastically.

This year's ticket from Woodrow  
Wilson down to the county offices is  
made up of strong and able men,  
men who have been tried and found  
to be true, men whose business and  
professional experience justifies them  
in asking for support at the polls  
next November.

President Wilson has had the most  
difficult problems to solve that have  
confronted any president since the  
dark days of the civil war, but he  
has met the issue squarely and has  
acted with great patience and  
strength of mind and character. He  
has succeeded in keeping this country  
out of the great war and under  
his administration unparalleled  
prosperity has come to America. The  
new banking law and the farm loan  
law are in themselves good and  
sufficient reason for supporting President  
Wilson.

Senator Pomerene who has stood  
shoulder to shoulder with the president  
during the trying times of the  
past few years asks for re-election  
that he may continue to support the  
president's policies in the upper  
branch of congress and in the lower  
house. Representative Ashbrook  
stands for re-election upon his splendid  
record as a patriotic congressman.  
Mr. Ashbrook is known everywhere  
as the soldier's friend but he is  
more than that, he is the people's  
friend and is ever ready and willing  
to serve the people of his district  
and the state in every way he can.  
Mr. Ashbrook's long service in Washington  
has given him good committee  
appointments and his re-election  
will mean his further promotion.

While the returns are incomplete  
and the result therefore in doubt,  
the indications point to the nomination  
of our fellow citizen, William  
D. Fulton, ex-representative, for secretary  
of state. It has been many  
years since Licking county was honored  
with a place on the state ticket  
and it is hoped that the nomination  
of Mr. Fulton which now seems probable,  
will be made certain.

For governor, the Democracy presents  
James M. Cox, the Dayton  
newspaper man, who served the people  
very efficiently two years ago. A  
campaign of misrepresentation defeated  
him for his second term but the  
people of this state soon discovered  
their mistake and they are now  
in the mood to rectify it.

For state senator the contest may  
be styled Miller vs. Miller—both  
Licking county men, though one of  
them now claims Muskingum county  
as his home. The Democratic candidate  
is J. Henry Miller, Newark

## Rural School Attendance.

A recent government report on  
rural schools shows that there are  
important sections of the country  
where the children attend only 65 to  
80 days in a year. Even in such a  
wealthy and progressive group as the  
North Central states, the actual average  
amount of school attendance per  
year is but 109 days.

There is still a vast field for the  
activities of the old fashioned truant  
officer. It is not enough to establish  
a well equipped school and put a  
competent teacher in it. If the  
pupils are hit or miss in their attendance,  
the tax payers' money is  
wasted, and a generation of children  
is growing up in semi-ignorance.

Figures like those quoted above  
suggest a big problem as to who is  
responsible for such lax standards.  
"Playing hooky" is a boy trait from  
one age to another. The shrewd resourcefulness  
of the youngster in dodging the teachers and truant officers  
almost arouses one's admiration.  
But the truant will pay high  
for his idleness later on.

This is an era of easy going habits  
of parenthood. The fact that an order  
is issued to the young fry does not  
mean that anyone follows it up to  
see that it is obeyed. Money  
earned by children is a very convenient  
factor in paying household bills.  
Many a family encourages the youngsters  
to slip out of school work in order  
to pick up odd jobs in a time of  
scarce labor.

The efficient school will keep a  
very close watch over its absent  
members. Excuses for non-attendance  
will be very thoughtfully read. A  
very persistent search will be  
made for the elusive truant. Parents  
that connive at such absences  
in order to gather in the few coins  
that the youngster can earn, ought  
to be made to see just how they are  
spoiling what might be a hopeful future.

## A Fortune in Poetry.

It will be a surprise to many people  
that as reported James Whitcomb  
Riley left a fortune of \$200,000. The  
poor financial returns of poetry have  
been set forth many times, as most  
editors are inclined to discourage the  
too great throng of budding geniuses  
who aspire to mount the heights of  
Parnassus.

Really great poetry would bring  
today better returns than ever before.  
There is so much education  
and culture that verse having true  
gifts of imagination and beauty  
would be very well advertised.

The trouble with modern poets is  
that they seem to think that obscurity  
indicates depth of thought. Whereas  
lucidity is one of the most accurate  
tests of genius. Great thoughts  
need a crystal setting in order  
to translate them to the popular  
heart.

Meanwhile a certain number of  
whimsical spirits, having a gift for  
humorous arrangements of meters  
and rhymes, do succeed in making a  
living out of their jingles. The gift  
is born in them, and most of those  
who think they possess it would do  
better to rake hay.

## Related Objections.

(Philadelphia Record.)

Ten Senators voted against the  
Child Labor bill because they claimed  
it to be unconstitutional. Our two  
Pennsylvania senators, Penrose and  
Oliver, opposed it presumably at the  
behest of the owners of mines and  
factories, who fought the enactment  
of state laws on the subject, and  
who insist that the welfare of the  
nation depends upon the continu-  
ance of their privilege to "sweat"  
little girls and to employ young boys  
at night work in glass-houses and  
without age or time limit in other  
industries. Senator Tillman, who  
voted in the negative on constitutional  
grounds, was strongly tempted to  
reverse his opinion by the greed of  
those who coin money out of the  
wasted bodies of the rising generation.  
So much for the selfish opposition  
to the measure.

The argument of unconstitutionality  
rests entirely on the assertion  
that he bill prescribes "a rule of  
civil conduct." Ordinarily prescriptions  
of this character are within the  
legislative province of the states.  
The commandment "thou shalt not  
steal," or a law requiring the cessation  
of labor one day out of seven,  
are rules of civil conduct. So also  
would be a law forbidding the employment  
of children in mines and  
factories and providing penalties for  
violations thereof. The Child Labor

law just passed, however, does not  
impose on anybody the rule not to  
employ miners in specified industries.  
Any mine owners or the proprietor  
of any factory, if the laws of his  
state permit, may operate his  
plant exclusively with the aid of  
children, and may do so without com-  
mitting a crime forbidden by the  
Federal law. The Federal authori-  
ties could neither hinder nor punish.  
What the Federal Child Labor  
law, when enacted, will say to such  
an employer will be: "You shall  
move no products in interstate com-  
merce." The regulation of com-  
merce among the states is exclusively  
a function of the Federal Government,  
and the power to regulate in-  
cludes the power to suppress. The  
constitutional objections to a Federal  
Child Labor law were over-  
ruled by the Supreme court nearly  
thirty years ago.

## Wilson Progressives.

(New York Times.)

The Chairman of the Democratic  
National Committee publishes a long  
and significant list of Progressives  
in the Far West who have assured  
him of their intention to vote for  
Mr. Wilson. Men and women who  
have been influential in the Pro-  
gressive councils, who have been the  
Progressive candidates for national  
or state office, names of distinction  
and character, are on the roll. In-  
stead of Mr. Hughes' sudden flop  
to Federal woman suffrage, even  
Progressive woman suffragists are  
turning to Mr. Wilson.

If principles mean anything, if  
the Progressive party was anything  
more than an expression and vehicle  
of Mr. Roosevelt's political hatreds  
and a choir to hymn his worship,  
the mass of Progressives who be-  
lieved in 1912 that the Republican  
party was reactionary cannot now  
be herded back into that party un-  
changed, unrepentant, possessed by  
the same old bosses, devoid of any issue  
save the noble one of "beating Wil-  
son" and getting the offices.

Those Progressive men and women  
who were most earnest in 1912,  
as they still are, see the progressive  
and reform legislation accomplished  
or advocated by Mr. Wilson and the  
Democrats. They see themselves  
contemptuously treated as puppets  
by the master of the show. They  
see the ruler at bosses trying to boss  
the party that was all for the rule  
of the people, calmly ordering it  
back to the Republican party. They  
know that Mr. Hughes' name is but  
a cloak of the Republican bosses,  
the same old organization against  
which they revolted four years ago.  
They see sorrowfully and bitterly  
that Mr. Roosevelt has no fondness  
for being in a minority, that to him  
the sole remaining use of the Pro-  
gressive party is to serve as his  
bridge back to Republicanism.

The Wilson Progressives are a  
strong body, and not in the Far  
West alone.

## Men Are Slaves.

(New York World.)

Every summer when the mercury  
approaches 90 degrees multitudes of  
men declare that the time has come  
for them to emancipate themselves  
and to vindicate their right to dress  
rationally in hot weather. That is as  
far as their rebellion ever goes.  
When the temperature falls they sink  
back tamely into the old servitude  
to convention and forget their  
dreams of freedom from the tyranny  
of clothes.

An excessive hot spell will prompt  
a few individuals in their despera-  
tion to promenade Broadway at the  
lunch hour coatless and collarless,  
seeking vainly for comfort and pain-  
fully conscious of their disarray. If  
everybody discarded unnecessary  
weight and covering it would not  
matter, but the few who are bold  
enough to disregard custom are made  
to realize that they are sinning  
against the proprieties. Soon or  
late they submit—because of the  
presence of women, for instance—  
and cease grumbling.

Some day a great reformer or so-  
cial uplifter or revivalist will start  
a popular movement or invent a new  
religion intended to restore common  
sense in men's dress. The present  
generation awaits his coming, help-  
less to set itself free. It lacks the  
moral impulse to make the honest effort.  
For men are born to be slaves,  
and only some great outside power  
can liberate them.

## Hughes Shoddy.

(Brooklyn Eagle.)

Cut from the same piece of some-  
what shoddy cloth is the statement  
that "We are no laborers and cap-  
italists in this country. We are fel-  
low-citizens." When that is called  
humbug, it is not characterized with  
undue severity. Nor is it easy to be  
patient with one who is absurd  
enough to say "We are not materi-  
alists in this country; we are all  
idealists." It is he through utter-  
ances of this sort that Mr. Hughes  
proposes to make himself known to  
the people of the United States, his  
adversaries can ask nothing better  
than he will keep right along.

Occasionally idealists have "flock-  
ed by themselves," only to come to  
grief. What Mr. Hughes should have  
said, to wit, "That we are material-  
ists, we couldn't be otherwise if  
we would. It alters that fact not in  
the least to say that by idealism  
some of us qualify our materialism.  
Mr. Hughes should have said that  
some are laborers, some are capital-  
ists, but all are fellow-citizens. He  
is doing anything but justice to his  
antecedents. What was expected of  
him was that his affirmations would  
bear analysis.

## Peel Off Your Freckles

To remove freckles, blotches or any  
complexion difficulty, the best thing to  
do is to remove the skin itself. This is  
easily and harmlessly done by using  
the wax peels of the defective outer  
skin, a little each day, gradually bring-  
ing the second layer of skin to view.  
The new skin is beautifully soft, clear,  
white and young looking. Just procure  
an ounce of mercurized wax at any drug  
store and use like cold cream.

LEAPS FROM HIGHEST  
BUILDING IN THE WORLD.  
(Associated Press Telegram)

New York, Aug. 11.—From the  
tower of the Singer Building, one  
of the tallest in the world, a man  
plunged to death yesterday in the  
midst of a Broadway lunch-hour  
crowd. He was identified as Albert  
Goldman, aged 60.

Goldman leaped from the fortieth  
floor, nearly 600 feet above the  
street level, striking the cornice of  
the main building as he fell and  
landing directly in front of the  
Broadway entrance. His body nar-  
rowly escaped passersby, and was  
crushed beyond recognition. It was  
identified by a will and letters  
found in the man's pockets. The  
Singer building is 612 feet high and  
has 41 stories.

A letter, signed by Goldman, say-  
ing he intended to commit suicide  
"from some high building down  
town" and containing an apology for  
"the trouble I am about to cause the  
police," was received yesterday by  
Police Commissioner Woods. Detectives  
were searching for Goldman  
when the aged man leaped to his  
death.

England for the purpose of reform-

age. This invitation was accepted  
and ever afterward good English  
money received the name of "Easter-  
ling" or "sterling" money, and plate,  
in quality equal to the standard of  
good English money, received the  
stamp of "sterling." And so pure  
standard metal got its stamp of

## Frozen Desserts

Dainty Frozen Pudding.—One quart of very ripe blackberries, two cupsful of water, one and one-half cupsful of sugar, a pinch of salt, one tablespoonful of lemon juice, one-fourth cupful granulated tapioca, one cupful of whipped cream. Cook and mash the blackberries through a very fine strainer. Add the sugar and salt. Boil the tapioca in the two cupsful of water until clear. When cold add the blackberry and lemon juice and freeze.

Frozen Currant and Raspberry Punch.—Two cupsful each of ripe currants and raspberries, two cupsful of sugar, two cupsful of water, half cupful of orange juice. Crush currants and put them into an agate saucepan with one cupful of water. Boil for three minutes and mash through a fine strainer. Mash raspberries and cover with one cupful of cold water. Boil the sugar and water for three minutes and cool. Freeze.

Frozen Banana Pudding.—Three cupsful of milk, one-fourth cupful of cornstarch, one-half teaspoonful of salt, two cupsful of mashed bananas, one cupful of sugar, one teaspoonful of lemon juice. Put the milk on in a double boiler. When hot add the cornstarch, sugar and salt, mixed with cold milk until smooth. Cook for twenty minutes. When cold add the bananas. The lemon juice is added just before closing the freezer. Freeze.

Frozen Caramel Custard.—One quart of milk, two cupsful of sugar, one-half teaspoonful of salt, one teaspoonful of maple flavoring, two eggs, four tablespoonfuls of cornstarch. Heat the milk in a double boiler. Mix the cornstarch with a little cold milk, two eggs well beaten and one cupful of sugar. Add salt. Cook for ten minutes. One cupful of sugar is melted and slightly burned. To it add half a cupful of cold milk and add to the custard. When cold add the flavoring and freeze.

## FLOWER NAMES.

Camellia was named from a missionary in the orient, Kamel. On his return to France he brought with him some gorgeous specimens of a flower which he called the rose of Japan. His friends, however, gave it his name, Camellia. Dahlias were brought from Peru by one Andre Dahl. Fuchsias were named for their discoverer, Leonard Fuchs. Magnolias received the name of Professor Magnol de Montpelier, who first brought the beautiful trees from Asia and America to France. Anemone means to tremble with the wind. Lavender, so called because the Romans put a spray of them in the water to perfume the hands. The Latin word to wash is lavare.

## HOW TO REDUCE YOUR WEIGHT

A Simple, Safe, Reliable Way.

People who are over-burdened with superfluous fat, know only too well the discomfort and ridicule that over-stuffed people have to bear.

If you are carrying around five or ten pounds of unhealthy fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.

There is no need of anyone suffering from superfluous fat. If you want to reduce your weight in a simple, safe and reliable way, without starvation diet or tiresome exercise, here is a test worth trying. Spend as much time as you can in the open air, breathe deeply and get from any good druggist a box of all of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of korein is absolutely harmless, is pleasant to take, and helps digestion. Even a few days' treatment has been reported to show a noticeable reduction in weight, foot-steps become lighter, your work seems easier and a lighter and more buoyant feeling takes possession of your whole being.

Every person who suffers from superfluous fat should give this treatment a trial.

### Are Your Eyelids Firm?

The eyes are the most susceptible of all features to conditions of the nervous system and to mental states, and the eye lids are in sympathy with them.

In youth and health the lids should be smooth, white and firm. When drawn down over the eyes, and when rolled back or when the eyes are opened they should telescope so that there is but a single ridge or crease in them. But with years they become wrinkled and the skin brown unless every care is taken.

Health, lack of sleep and worry, over sleep and fatigue all leave their impress upon the eyelids, changing their color to the dusky hue and causing them to look and feel dull and heavy as though weighted at their edges.

Never rub or massage the lids, dabble them every night with a soft cloth dipped in hot water, and if there seems to be inflammation allow the cloth to remain on for a few minutes. Then dry by dabbing at them with a dry piece of old linen.

pat in some skin food, dabble with cold water and go to bed. If in the morning any of the cream shows wash it off with the regular toilet of the face and dust the lids lightly with a perfect powder. If you know of one.

Granulated lids are a common annoyance and a menace to beauty. A paste of powdered alum and white of egg bandaged on the eye at night has been known to work wonders.

The mere movement of the eyelids add to or detract from the expression of the face and gives a strong hint of the personal character. Constant winking or stretching of the lids betokens extreme nervousness, squeezing the lids together shows a weakness of the eyes that should be attended to at once, while a slow, occasional movement of the eyelids is indicative to police of self-possession.

### The Newest Jabot

Out of 175 designs for fall neckwear the handsome jabot here illustrated, originated by the Association of American Neckwear Manufacturers, was chosen for its chic effect. The

fabric is white net, daintily embroidered in tiny daisies, the high standing collar being attached to the jabot by narrow black moiré ribbon.

### String Bean Salad.

String the beans and boil whole. When tender and cold slice each lengthwise and place them carefully crosswise on a platter. Season them an hour or two before serving with a marinade of a little pepper, salt, three spoonfuls of vinegar and one spoonful of olive oil. Just before serving drain off and mix with salad dressing.

### Gooseberry Ketchup.

Cook the gooseberries in a little water until soft. Press through a colander to remove the skins and then through a sieve to remove the seeds. Add two-thirds as much sugar as fruit, and cinnamon and cloves to taste. Cook slowly a half hour and bottle hot.

A beautiful new sample line of fall felt hats in solid and two-tone colors just sent us by Miss Clouse who is attending the millinery openings in New York. These hats will be sold at special prices as long as they last. CLOUSE & SCHAUWEKER.

# HOSPITAL, NOT NECESSARY.

Ohio Woman's Experience.

Utica, Ohio.—"I had painful times for a number of years and for the past three years was so bad that life was a misery to me. The doctors told me I would have to go to a hospital before I would ever be better. A year ago this winter and spring I was worse than before. I was so for five months that I knew something must be done, so I wrote to Dr. Pierce telling him as nearly as I could how I suffered. He outlined a course of treatment which I followed to the letter. I took two bottles of 'Favorite Prescription,' one of 'Golden Medical Discovery' and a fifty-cent bottle of 'Smart-weed' and have never suffered much since. I wish I could tell every suffering woman the world over what a boon Dr. Pierce's medicines are. There is no use wasting time and money doctoring with anything or anyone else."—Mrs. E. F. DICKOVER, Route 4, Utica, Ohio.

An affection confined to women must have its cause in the womanly nature. There is no doubt that a diseased condition of the delicate womanly organs, is in general responsible for feminine nervousness and an undermined constitution.

The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. There are no more crying spells. "Favorite Prescription" cures inflammation and female weakness. It makes weak women strong, sick women well.

Get the "Prescription" today—either in liquid or tablet form—if you want to better your physical condition speedily. Dr. Pierce's Tablets regulate stomach, liver and bowels.

# NANCY SENDS GREETING TO HER FRIENDS

Atlantic City, N. J., Aug. 8.

My Dear Newark Friends: After a long hard season of 49 weeks of stock, with daily matinees as you all know, we closed in Newark in July and Mr. Testa and I hurried East where we have been enjoying the ocean breezes at Atlantic City, and taking a much needed rest. There is no tonic so effective as the sea air and I am feeling splendid now and ready to take the new step in my theatrical career.

For years I have longed to become a one-play star and at last my dream will be realized for I am about to appear in a new play, written especially for me by George M. Rosener, entitled "The Little Lady From Lonesome Town." It is a drama in four acts and just full of heart interest and I do know you all will surely like it. All new scenery is

put up in this new venture and I can't tell you how happy I am my dear Newark friends to have the opportunity of opening my season with you, who have been more faithful to me during the last eight years, than any city I have played.

Newark is like a home to me, you have never failed me, and shall always have the warmest spot in my heart.

Wish me success in my new venture, won't you? It means so much to me. Au Revoir, until next week, when I shall be so happy to be with you again. Sincerely, NANCY BOYER.

The Auditorium.

For today Mr. Fenberg of the Auditorium is showing a Triangle-Ince masterpiece with that clever actor William Collier called "The No Good Guy." A good company is seen in his support, the two most important being Enid Markey and Robert Kortman. The Triangle Co. follows out their usual policy, that of incorporating in one story something for all ages. Therefore, in this film there is ample provision made for the children. Collier, in character as Jimmy Coghlan, arrives home after a wild evening and prepares for bed. His valet, the hardest-working man

now being built in Columbus for the production and do you wonder that I am so happy at the prospect of just one new part to study; one set of clothes to buy, and only two matinees a week—after the hard work I have had the past eight years, with twelve plays to select and learn with costumes to be purchased for each, daily matinees and rehearsals every morning for weeks and weeks.

After leaving Newark at the close of our last engagement here, Mr. Testa and I went direct to New York City where we engaged the finest company that money could secure. Each actor and actress was selected to look and act the part he or she was to play. When you see Mr. Thimmarsh, my new leading man, I am sure that you will agree with me that he quite looks the distinguished senator besides being a polished actor.

The heavy role is in the capable hands of Richard I. Scott, whose graceful carriage and deep rich voice just fit the role of the picturesque gambler, Mr. Lawler, that tall man, with the piercing black eyes, is an ideal mysterious desert rat. While Thaddeus Wilber as Den- ne, the boy, is indeed just a mere boy himself. Mr. Testa is seen to advantage in an English comedy part and your old favorite, Jimmie Brown, will be there as the fellow who sells Ford Starters on week days and saves souls on Sundays. Wm. McCarthy makes a good Indian and Dick Thompson, a Newark boy, known to all, will take care of Nancy's scenery.

The ladies of the company include Miss Jane Stuart, Julia Earl and Corda Davy.

After leaving Newark we go to Detroit, Mich., for a week and then play all the larger cities of the United States.

My whole heart and soul are wrapped up in this new venture and I

can't tell you how happy I am my dear Newark friends to have the opportunity of opening my season with you, who have been more faithful to me during the last eight years, than any city I have played.

## A Wee Bit Sane.

While a certain Scotch minister was conducting religious services in a asylum for the insane one of the inmates cried out wildly:

"I say, have we got to listen to that?"

The minister, surprised and concerned, turned to the keeper and asked:

"Shall I stop speaking?"

The keeper replied:

"No, no; gang along, gang along; that will not happen again. That man only has one lucid moment every seven years."—The Christian

# HE HAD TO SLEEP WITH 3 PILLOWS UNDER HIS BACK

Says Husband Could Not Catch His  
Breath. What Native-Roots  
Did For Him.

"I tell you, my husband has suffered from shortness of breath," declares Mrs. Patrick Mullen. "Why if he walked only a short distance his wind would be all gone, hardly being able to catch his breath. But the most distressing time was at night as he could not get his rest. He always had to prop three pillows under his back and head in order to get any rest at all."

"He steadily grew worse, until I got him a bottle of Native-Roots (double strength). Now he is on his second bottle and he is a great deal better in every way. He now goes to bed at night and gets a good rest without using any extra pillows. His appetite is improving and he is much stronger. Extract of Native-Roots has done all that we hoped it would."

Sounds like a miracle, doesn't it? Well, there's nothing miraculous about Extract of Native-Roots (double strength). It is just a simple combination of the extracts from roots, herbs, barks, leaves and berries—the kind our grand parents used to gather in the fields and from which they made many of their household remedies.

Scientists have tried for years to improve on our grand parents' simple home remedies which they made themselves from roots and herbs, but the old-fashioned root and herb medicine will always hold their own because they are Nature's own methods for treating human ailments.

There are no mineral salts or dangerous metallic drugs in Extract of Native-Roots (double strength). It is just a good old fashioned recipe handed down from father to son.

Extract of Native-Roots (double strength) can be obtained in Newark only from Erman's Arcade Drug Store.

# BAKERS TOLD WHAT PRODUCTION COSTS: CAN'T CUT PRICES.

[Associated Press Telegram]  
Salt Lake, Aug. 11.—That the baker cannot cut the ordinary wholesale price to four cents on a five cent loaf of bread and have anything as the result of his labor, was pointed out at today's session of the Master Bakers' Convention by B. G. Harrison, of Chicago, an efficiency engineer, who spoke on "bookkeeping and why."

Mr. Harrison just showed how and what elements entered into the cost of manufacture of bread and said a great many bakers do not understand how to estimate all the elements of expenditure and as a result often do a good business without making a proper profit.

# BEAL'S STORE AT SUMMIT ENTERED AGAIN BY BURGLARS.

[Special to The Advocate]  
Summit Station, O., Aug. 11.—Wednesday night the Burglars paid their annual visit to C. M. Beal's general store, helping themselves to shoes, underwear, hats and other articles. They broke the window pane, moved the lock and raised the window. They left a broom stick and a small wooden mallet, probably to be used as weapons if they should be caught. They left the goods in the store scattered about as though they were in a hurry to get away.

# USE OF LIQUORS BY WOMEN IS CONDEMNED BY CATHOLIC SOCIETY.

[Associated Press Telegram]  
Washington, Aug. 11.—The Catholic Total Abstinence Union of America was on record today in opposition to the growing use of intoxicants by women and girls. Resolutions to that effect were adopted and officers elected, headed by the Rev. John G. Bean of Pittsburgh, at the closing session of the union last night.

# DEEP ROOTED, BUT THEY SURRENDER

MRS. JANE MYRTLE FOUND A  
FRIEND IN NERV-WORTH.

This endorser says she had to take Nerv-Worth but "a short time" in order to get relief. Yet her nervous life was very serious. They had lasted eight years. Read this:

"My trouble was nervous indigestion. I would have pains in back, chest, through bowels. At times the pains would be so severe I'd fall on the floor. Would vomit, poor sleeper—not more than two hours sleep at night. For the last year I would get awful headaches. Have been troubled this way for eight years."

"Have taken Nerv-Worth for a short time and all my troubles are gone. No pains, sleep good, rested in the morning."

"After doctoring a long time I find nothing ever reached my case but Nerv-Worth. I certainly recommend the medicine. I give Nerv-Worth the credit of regaining my health."

## DIRECTUM I SEEKS LOWER RECORD TODAY

TWO FAVORITES FAIL TO WIN IN GRAND CIRCUIT AT PITTSBURGH.

(ASSOCIATED PRESS TELEGRAM)

Pittsburgh, Aug. 11.—An attractive card featuring the Grand Circuit races here today. The principal event was the Grand Rapids Railway \$3,000 purse which was raced under the best system but the Comstock stake for a purse of \$3,000 and the matron stake for three-year-old trotters, valued at \$6,000 also attracted much attention.

Directum I, driven by Tommy Murphy, was expected to make an attempt to lower his record of 1:54 for the mile established in 1911. Horsemen declared the Brunet's Island track is one of the fastest in the circuit and they anxiously awaited the results of the direct pacer's efforts.

Defeat of 2 horses that were regarded as certain winners, Peter Mount in the 3-year-old trot by Cochato Jay, and Lusey in the 2:17 trot by Sister Strong, featured the second day of racing yesterday.

Derby Custer, who in 2:11 pace, was the only favorite to make good, although Director Todd, in the 2:10 trot, performed true to form and won his race.

Charles Valentino handled Sister Strong, that is owned in Maryland. Peter Mount broke when not far from the wire in the opening heat and finished second. In the two subsequent heats the son of Peter the Great came in third. Cochato Jay won the race in straight heats.

Crystal Border trotted an exhibition mile to 2:30, and covered the distance in 8:15. The weather was ideal and the track fast. Summaries:

Three-year-old trot, three-heat plan, purse \$100.

Utica No Match For Fitzsimmons; Koontz On Mound

Pitcher Koontz, working for the Fitzsimmons team yesterday, allowed the Utica team but four hits in nine innings and Newark won the game by a score of 15 to 2. Errors by the Fitzsimmons infield aided Utica in scoring the two runs.

The two runs of Beatty, who got two doubles, a triple and a single, and the four singles secured by Wilkey, were the features of the game. The score:

HOT BATTLES IN ZANESVILLE RACES

Zanesville, Aug. 11.—Every heat was a horse race in two of the three events on yesterday's card at the Muskingum County fair, there being 12 heats in all. The Kadydd easily won the 2:15 trot. The attendance was 10,000.

NOTICE OF SALE OF BONDS.

Sealed proposals will be received at the office of the City Auditor of the City of Newark, State of Ohio, until 12 o'clock noon of August 13, 1912, for the purchase of bonds of said City in the aggregate sum of \$24,000 dated June 1, 1916, payable as follows: \$2,000 June 1, 1917; \$2,000 June 1, 1918; \$2,000 June 1, 1919; \$2,000 June 1, 1920; \$2,000 June 1, 1921; \$2,000 June 1, 1922; \$2,000 June 1, 1923; \$2,000 June 1, 1924; \$2,000 June 1, 1925; and \$4,000 June 1, 1926. Said bonds shall be numbered consecutively from 1 to 24 inclusive, shall be of the denomination of \$1,000 each, and shall draw interest at the rate of 4 1/2 per cent per annum, payable semi-annually on the first day of June and December of each year for which proper interest coupons shall be annexed and made a part of said bonds. Said bonds are issued for the purpose of paying the city's portion of the cost and expenses of the improvement of Franklin Avenue, Prospect St., Gairner Ave., Eleventh St., Harrison St., and Cedar Street, by the City of Newark, East Main Street, Eleventh Street, Ninth Street, Moul Street, S. Cedar St., Wyoming St. and First St., by the City of Ohio and of Sections 3820 and 3821 of the General Code of said State and under and in accordance with a certain Ordinance of the City of Newark, Ohio, passed June 27, 1912. Said bonds will be sold to the highest and best bidder for not less than par and accrued interest. All bids must state the number of bonds bid for and the gross amount of bid and accrued interest to date of sale. It is to be understood that the bidder is to be accompanied by a certified check payable to the Treasurer of said City for 2 per centum of the amount of bonds bid for, upon condition that if the bid is accepted the bidder will receive and pay for such bonds as may be issued as above set forth, within ten days of the time of sale, and the check to be retained by the said City if said condition is not fulfilled. The City reserves the right to reject any and all bids. Bids should be sealed and endorsed "Bids for Improvement of Franklin Avenue, Prospect St., Gairner Ave., Eleventh St., Harrison St., and Cedar Street, by the City of Newark, Ohio." A. NELSON DOBBI, City Auditor.

To the Democratic Voters of Licking County, Gentlemen:—

The primaries are all over and I am amongst the vanquished, yet I feel just as thankful to everyone who supported me as though I had been successful. We couldn't all win, I naturally feel some disappointment, but I am still a Democrat and will be found, as usual, laboring for the success of the ticket nominated. With good will toward everyone, I am, yours truly, WM. A. FLEMING.

Drunks Are Fined. Three drunks were fined \$5 and costs in police court this morning, and sentenced to the county jail. One of the drunks was additionally charged with beating his wife, but as she failed to appear against him he was dismissed on this charge and fined for being in a state of intoxication. A man who was fined \$25 and costs some time ago paid his fine this morning.

Back From Trip. Paul Collins and Nelson Metz have returned from a two weeks delightful trip to the east. They went via Cincinnati and Norfolk, Va., taking an ocean steamer at the latter place for New York, neither of them suffering for an instant with sea sickness although the ocean was very rough. They took a plunge in the ocean at both Coney Island and Atlantic City but kept an eye open for sharks. Washington was visited and they also enjoyed a boat ride from New York City to Albany on the Hudson river.

Steals Bottle of Morphine. George Moore was arrested shortly before noon and charged with the theft of a bottle of morphine from the City Drug store. Moore went into the store to make a purchase, and succeeded in making away with the bottle. The police were notified immediately, and Moore was arrested before he could make use of any of the drug.

# OHIO ELECTRIC LEAVES RAILS FOR CANAL BED

An interurban car does not make a good canal boat although it takes to the canal like a boat or did last night, when about midnight a car belonging to the Ohio Electric Co. struck a steer and went over the embankment into the old canal bed near Hanover.

The car in charge of Motorman Ross Axline and Conductor Joseph Allison, hit the animal and left the tracks entirely. It landed in the canal upright, and aside from a scare the passengers suffered no injury.

# SPRINGFIELD HAS ICE FAMINE; NO ICE SOLD TODAY

(Associated Press Telegram) Springfield, O., Aug. 11.—Springfield is in the grasp of an ice famine and for the first time in years during the summer months no ice wagons passed through the residence districts. The delivering of ice was discontinued today in order that the manufacturers may make enough to deliver tomorrow for Saturday and Sunday use. Efforts were made to supply ice where there were babies and invalids.

## CLAYLICK CAR STOLEN AT FAIR GROUND THURSDAY

C. M. Johnson, merchant, Claylick, has notified the police that his Ford touring car, 1915 model, license No. 113300, was taken from Moundbuilders Park yesterday afternoon. A reward of \$25 is offered for the recovery of the car, and 100 postcards have been mailed out to various cities. The car was parked inside the entrance to the mounds, and was on the north side facing east under a large tree.

This is the second time that the car has been stolen in six weeks. The other time it was taken from in front of the Newark Trust building at 10 o'clock in the evening, and was recovered later in the night. The offender was arrested, and after prosecution was sentenced to the state asylum for the feeble minded in Columbus.

## TAXPAYER DEMANDS INJUNCTION SUIT IN POLICE MATTER

A. D. Andrews this afternoon directed to City Solicitor Ralph Norpell, a communication demanding that the solicitor at once begin injunction proceedings to restrain "the misapplication of funds of the city and the abuse of corporate powers of the city and the execution or performance of contracts of employment made in behalf of the city."

The communication is the legal way of requesting the solicitor to take action on the recent court decision which ordered Officers Martin Shively and James Richter restored to duty.

Mr. Andrews in his letter, states that the two ordinances under which the city is working have been declared invalid and unlawful.

## BRYAN SAYS CIVIL SERVICE LAW ENFORCED

(Associated Press Telegram) Kansas City, Aug. 11.—William J. Bryan, former secretary of state, replied here to criticism of his attitude toward civil service made by Charles E. Hughes, Republican Presidential nominee, in a statement in which he said he had "enforced the civil service law to the letter."

Mr. Bryan challenged the Republican nominee to state whether he had given appointments to "deserving Republicans" while governor of New York. The statement was made in answer to recent speeches of Mr. Hughes which quoted a letter Mr. Bryan had written to Receiver of Customs Wick I. Sandoz, inquiring as to what positions could be obtained to "reward deserving Democrats."

Mr. Bryan admitted the letter as it had been quoted.

## Hughes Changes Plans; To Speak at Billings, Mont.

(Associated Press Telegram) Fargo, N. D., Aug. 11.—Charles E. Hughes, Republican nominee for president left Fargo early today on a revised schedule that will enable him to deliver an evening address at Billings, Mont., tonight. Mr. Hughes had not intended to leave here until 5:47 this morning but found that he could accommodate his schedule to the change and accordingly left at 1:00 a. m.

The strain of campaigning has affected the nominee's voice which was so hoarse at times during his speech here last night that he had to stop frequently for a few seconds at a time.

The ride across the North Dakota plains to the Montana line is to be broken by a series of short stops at Medora, where Theodore Roosevelt spent part of his early life on a ranch, a five-minute stop is to be made. The party is due in Billings at 7:30 tonight.

## RELIEF WORK IS IMPOSSIBLE IN POLAND DISTRICT

(Associated Press Telegram) Washington, August 11.—Notes from Great Britain and Austria regarding the proposed American relief operation in famine stricken districts of Russian Poland held by the Teutonic allies received today at the state department contain no new proposals opening the way for settlement of the controversy between the belligerents which has made relief work impossible.

## The Children's Play Corner LET ADVOCATE FOLLOW YOU

### "Secret History"

Each player is requested to write on a card or slip of paper the name of some well known woman in history or fiction or in modern life. These are dropped into a basket, and all are then asked to write upon another set of papers the names of certain men whose names and careers are familiar to the average person. These are put in a second basket and well mixed, and both are passed around.

Each player draws one paper from each basket and cudsels his wits to write or tell a brief story bringing in the names of the man and woman that he has drawn, as hero and heroine. The more impossible and ridiculous the better. One person who drew "Up Winkle" and "Xantippe" represented Rip's wife as a reincarnation of the virgin who made Socrates' life miserable.

### "Mother Bird and Hawk"

This is a fine out of door game and may be played by a large number. Children are arranged in groups in a row. Each group has the name of some bird, such as robins, sparrows, canaries, etc. About fifteen yards to the right of the birds and in front of them is a space for the "mother bird." The same distance to the left is reserved for the "hawk." The mother bird calls, "Come out, canaries" (or any other group). At these words the canaries all run to the mother bird, the hawk trying to intercept and capture them. If tagged they are imprisoned by the hawk. If they reach the mother bird's home without being tagged they are safe. Game continues till all birds have been called out.

### Decapitation.

This is a fine game from tropic trees. Men brave the storms of southern seas. They thought to bring his wearier ill, Yet purchased and paraded still. My dearest friend I call my THREE, Though some rebuke me, half in glee, And say, "That is but slangy lore, His name is Albert—call him FOUR."

### Streets in Mexico.

As so many of the Indians cannot read the streets in Mexico are named after birds or beasts. The name of the street appears in Spanish letters, but this is followed by the figure of the creature after which the street is named. For instance, Ox street is indicated by a figure of an ox in plaster or painted on a wall. The street of Flamingo presents the tall flamingo with back of fiery red, and Elephant street has a well molded figure of that animal with enormous tusks and trunk. This custom is a very useful one, for the youngest child can thus find its way home.

### See Terms.

The terms larboard and starboard come from the Italian "questa borda" and "quella borda," which by rapid delivery became starboard and larboard, but owing to the strong similarity of sound they were changed into starboard and port, the use of the terms in the original form having been the cause of many accidents.

## INFANTILE PARALYSIS VICTIM HERE

CHILD OF PERRY WILLIAMS OF  
MAPLE AVENUE SUFFERS  
FROM DISEASE.

Homes of Two Other Families in  
Neighborhood Quarantined by  
Health Department Because of  
Exposure.

Newark's first case of infantile paralysis was reported late Thursday to Health Officer Knauss and as a result the home of three families in the Maple Avenue vicinity are quarantined.

The victim is Minor Williams, 4 years old, son of Perry Williams of Maple Avenue. The child is one of nine children, the eldest, a daughter of 15, being in charge of the home and now burdened with the additional duty of caring for the stricken baby and looking after the children confined to the house by the quarantine regulation.

Wednesday night the child was taken ill with a high fever, and Thursday morning when his sister called him he was unable to move his limbs. His arms were limp. He was scarcely able to lift them from the bed. His left leg was paralyzed, and his right leg was infected with the disease. His tongue was partially paralyzed, and his head was bent to one side. He cried pitifully, and fell to the floor with pain when he tried to walk. Dr. H. P. Martin was summoned at noon, and immediately reported the case to Health Officer Dr. W. H. Knauss. The case has been diagnosed as infantile paralysis, and Health Officer Knauss has quarantined two other families in the neighborhood who have been exposed to the disease.

The family is in poor circumstances. The father, Perry Williams, is employed at the Ruggs hatter factory. They live in 524 Maple Avenue, and a few months ago they moved from Adams county to this city.

Dr. Knauss states to the public that all children should be kept away from public places, especially in the vicinity of the disease, and that all children who show any unusual conditions should receive immediate attention.

This morning a suspected case of infantile paralysis was reported to Dr. Knauss, and after investigation the house was quarantined and placarded. Nancy, aged 4, daughter of Mr. and Mrs. W. T. Moore in 151 Ruggs Avenue, is the other child thought to have been afflicted by the plague. Dr. Knauss stated Friday afternoon that the child is paralyzed in one of her legs. Dr. H. H. Baker is in attendance.

The state board of health in Columbus has been notified of the two cases.

### PLAGUE SUBSIDES AS TEMPERATURE DROPS IN GOTHAM.

(Associated Press Telegram)  
New York, Aug. 11.—The epidemic of infantile paralysis showed another slight decline today and health experts were more hopeful that the cool weather which relieved the city yesterday would materially check the spread of the plague. The daily bulletin of the health department shows that during the 24-hour period which ended at 10 a. m., 31 children died of the disease and 165 new cases were reported.

### PHYSICIANS IN CHICAGO MAY BE SEED; MUST REPORT PARALYSIS CASES.

(Associated Press Telegram)  
Chicago, Aug. 11.—Chicago physicians who fall promptly to report cases of infantile paralysis are likely to find themselves defendants in damage suits as a part of the plan of Dr. John Dill Robertson, health commissioner, to keep the disease under control. Four new cases of the disease were reported yesterday, making a total of 45 in Chicago.

### PENNSYLVANIA EXTENDS QUARANTINE TO BORDERS.

(Associated Press Telegram)  
Harrisburg, Pa., Aug. 11.—Pennsylvania's quarantine for infantile paralysis was today extended to all borders of the state. Medical officers and inspectors began duty at points where railroads cross the state from all parts of New York, Ohio, West Virginia and Maryland. If conditions demand the quarantine will be made more stringent and highways will be patrolled.

### RUSSIAN FORCE IS SUPERIOR TO AUSTRO-GERMAN

(Associated Press Telegram)  
Berlin, August 11, via London, 5:35 P. M.—Austro-German troops in the region of Monasterzyka, at points on the Dniester, and in the Bystritsa river region have been compelled to give way because of the superiority of hostile forces at some points, says today's war office statement. Counter attacks brought the engagement to a standstill and a regrouping of the Teutonic forces is now taking place.

### FIRST CASE OF DREAD DISEASE IN BUTLER CO.

Hamilton, O., Aug. 11.—Carl, the two-year-old son of C. W. Elliott, of Oxford, O., died today of infantile paralysis. This is the first death this summer from the disease in Butler county.

## MISSING MILITANT DISCOVERED; MUST WORK TO EAT; NO LONGER FORCIBLY FED

Miss Kitty Marion, in English prison garb.

Miss Kitty Marion, one of the most famous of the fighting English suffragists, who came to America some months ago to help the cause, failed to get work and for some while was missing. Recently she was discovered working as a dishwasher in a New York rooming house, obliged somehow to earn her meals. At one period she was fed forcibly 232 times.

## OFFENSIVE

OF BRITISH ON SOMME FRONT  
WAS WELL PLANNED  
BEFORE HAND.

Great Stores of Ammunition Were  
Collected Back of Line—Enclos-  
ures Prepared for Prisoners.

(Associated Press Correspondence.)  
On the British Southern Front, July 31.—One of the most striking features of the great British drive north of the Somme was the extraordinary thorough preparation before the offensive was begun. Long before the attack was launched the British staff was busy building up a vast organization. Military experts declare the degree of preparation was unprecedented. When a representative of the Associated Press visited this section the various activities were being conducted with clockwork coordination.

The collection of huge stores of ammunition and the assembling of artillery were but one phase. Emergency hospitals were constructed and enclosures built for prisoners. The royal engineers worked out an elaborate scheme whereby the water system should follow the men into the German trenches all along the line. It is not permitted to say how this was accomplished, but it is stated it had been done successfully.

Gun emplacements back of the German front lines were worked out in advance and routes of least resistance for reaching these points were decided upon. Plans for the consolidation of captured territory were elaborately considered.

Now that the attack is under way there is intense but methodical activity for miles behind the front. The wounded are moved swiftly but with great care to the base hospitals after treatment is completed and are sent all along the line scores of thousands of soldiers are busy handling supplies and clearing and consolidating the ground taken.

## PAPER PROBE IS DELAYED; WANT PROMPT ANSWERS

(Associated Press Telegram)  
Washington, Aug. 11.—The federal trade commission today announced that its investigation into the price of newspaper paper is being delayed to some extent by failure of newspaper publishers to send in answers to the commission's questions as promptly as it expected.

"Reports have been received," said the commission in a statement, "to the effect that some publishers are hesitating to answer the commission's inquiries fearing that their complaints and they will have their supplies cut off. The commission has assured all such publishers that their communications will be treated as confidential when requested."

## LICKING PRISONER IS PAROLED; WILL GET OUT SEPT. 15.

(Associated Press Telegram)  
Columbus, Ohio, Aug. 11.—Eight per cent of the prisoners in the Ohio Penitentiary soon will be released as the result of the session of the Parole Board. The total number of paroles and final releases is 137 out of 191 cases heard. The board says that as the session covers two months the number is not extraordinarily large. Among those who will be released is Alonzo Gabriel of Licking county, sent up for burglary and larceny on an indeterminate sentence. He is to be paroled Sept. 15th.

## EXPORTS

AMOUNT TO FOUR BILLIONS AN-  
NUALLY SAYS SARATOGA  
SPRINGS SPEAKER.

Declares That Less Than Six Per  
Cent Consists of Munitions—  
Says Prosperity Is  
Permanent.

(Associated Press Telegram)  
Saratoga Springs, N. Y., August 11.—Unstinted praise of the Wilson administration was voiced by Congressman John J. Fitzgerald of Brooklyn, temporary chairman of the Democratic state convention here today. The Democratic party in three years he said had enacted more progressive, remedial and beneficial legislation than had been perfected previously in any two decades.

"This included the constitutional amendments for the direct election of senators and the levying of a tax upon incomes, the Underwood tariff law, the federal reserve act, the good roads law, the agricultural co-operative extension act, the Clayton act and the anti-injunction law."

Mr. Fitzgerald denied the assertions of Charles E. Hughes, Republican candidate for president, that the country is enjoying only temporary prosperity. He declared that exports have virtually doubled since the advent of the Wilson administration and now aggregate \$4,000,000,000 annually, of which less than 6 per cent consists of war munitions.

The present Republican state administration was criticized as "wasteful and extravagant" by the speaker.

## FRENCH BOMBARD ENEMY TRENCHES NORTH OF SOMME

(Associated Press Telegram)  
Paris, Aug. 11, noon.—The French have opened a heavy bombardment of German positions north of the Somme, according to an official statement issued by the war office today.

On the left bank of the Meuse, the French took some prisoners in a raid on German trenches east of Hill 304. On the right bank of the Meuse there was skirmishing with grenades about the Thiaumont work. On the rest of the front cannonading was intermittent.

## GERMANS CLAIM SUCCESSFUL AIR ATTACKS ON COAST

(Associated Press Telegram)  
Berlin, Aug. 11, via London.—Successful attacks by German air squadrons on British war vessels off the Flemish coast and on Russian aviation stations on the island of Oesel off the gulf of Riga are announced in an admiralty statement issued today.

Despite the heavy fire of the British and Russian forces all the aeroplanes returned undamaged, the statement says.

## ANGLO-FRENCH ATTACK AT DIORAN; MAKE SOME GAINS.

Paris, Aug. 11, 1:50 p. m.—An attack by Anglo-French forces on the Bulgarian at Dioran, forty miles northwest of Saloniki, is reported in a Havas dispatch from Saloniki. The allies occupied the Dioran railway station and a neighboring hill.

Why worry over the past? The future will probably give you cause enough.

## REDUCED PRICE OF FORDS STILL IS IN EFFECT

Harry B. Coen, new agent for Ford cars in Licking county, has located temporarily at the Auditorium Garage in the rear of the Auditorium. Mr. Coen has assumed complete charge of the selling of Ford cars in the county.

Today he announced that while there is at present a shortage of cars, the prices announced August 1 are still in effect. In this price announcement, the Ford runabout was priced at \$345 and the touring car at \$360.

Mr. Coen has been general superintendent of the Columbus branch of the Ford Motor Co., and manager of the retail sales department.

## TURKS REFUSE OFFER TO HELP HUNGRY SYRIANS

(Associated Press Telegram)  
Washington, Aug. 11.—Turkey has refused to grant the request of the United States that a neutral committee be permitted to do relief work in Syria where thousands of native Christians are reported to be starving.

Charge Miller of Constantinople in a cablegram received at the state department today said the Turkish government had informed him relief operations in Syria were considered unnecessary because crops there were better than anywhere else in the empire. He added that although he was told the decision was final, he had not dropped the subject but would continue to press for favorable action.

Turkish officials contended, Mr. Miller said, that while food shortage existed to some extent in all belligerent countries there was no serious famine condition in Syria, that the outlook for fall crops was good and that locusts had damaged only fruits.

## WILL TAKE VOTE ON SHIPPING BILL LATE TOMORROW

(Associated Press Telegram)  
Washington, Aug. 11.—Republicans of the senate indicated today that they would permit a vote to be reached on the administration shipping bill late tomorrow or Monday. This developed while Senators Jones and Gallinger were cross questioning Senator Simmons about progress on the revenue bill being drafted by a finance sub-committee.

Senator Jones argued that even if the measure should meet one purpose for which it was proposed and reduce ocean freight rates, regulation importers, other than American shippers would be the beneficiaries.

## GREEN SEEKS ELECTION AS HEAD OF MINERS.

(Associated Press Telegram)  
Indianapolis, Aug. 11.—John P. White, president of the United Mine Workers of America, will be opposed in his candidacy for re-election by John H. Walker, of Danville, Ills. It was learned today when Frank J. Hays, vice president of the organization announced Mr. White's candidacy. Mr. Hays also said he would seek reelection and undoubtedly he will be opposed by William Green, of Coshocton, O. Mr. Hays is acting president of the organization while Mr. White is at Seattle.

## NOT ENTITLED TO FEES.

Columbus, Aug. 11.—In an opinion to Cleveland authorities today Attorney General Edward C. Turner held that police officers, deputies or bailiffs testifying in criminal cases in municipal courts are not entitled witness fees.

Mrs. Mamie Johnson of Williston, N. D., applied at the naval recruiting station in Minneapolis to join the navy as a cook. "Women at this time should do something for their country," she said. She explained that in reading the law she had failed to find the passage prohibiting enlistment of women.

Many a man's credit is limited to borrowing trouble.

## TO INVESTIGATE PROBABLE RAISE IN BREAD PRICE

(Associated Press Telegram)  
Washington, Aug. 11.—Statements made at the recent convention in Salt Lake City of the National Association of Master Bakers that the price of bread to the consumer would be increased in the near future have attracted the attention of the federal trade commission.

Edward M. Hurley, chairman has been authorized to make an informal investigation of the situation in Chicago headquarters of the association.

## CARRANZA INFLUENTS DEATH PENALTY ON MEXICO CITY STRIKERS.

El Paso, Aug. 11.—A text of a decree wherein First Chief Carranza evoked the death penalty against the strikers who paralyzed Mexico City through a general electric strike, appears in copies arriving here today of El Pueblo, a daily paper published in the capital.

In tying up transportation, plunging the city into darkness and cutting off its water supply, the strike held by Carranza to be no strike at all but a case of treachery against his government whose enemies will receive encouragement by it.

You never can tell. The play that is tried on the dog isn't always a howling success.
